

1st Grade Sight Words

Dear Parents,

Wow! I am so proud of your students for learning all of their K sight words. We want to keep the momentum going. Here are flashcards for all of the 100 first grade sight words. Continuing to practice these sight words will help your student to increase their reading and fluency speed.

Continue to work on a few at a time. If your student knows all of their 100 1st grade sight words, please let me know so I can reward them.

Way to go!

Mrs. Garrett

My child _____ knows all of
their 1st grade sight words.
